

Internship Teen Challenge

We are looking for individuals to serve in our Direct Care area. This position is in the evenings and on the weekends. It offers hands on ministry experience with boys, ages 12-17. We are looking for males to serve in this area.

We also have internships that ministry students can be a part of. This may be something they can get involved with next year, as this semester is about to end and they will be returning home. However, it may be something they would be interested in doing over the summer. We do offer housing for our single, male direct care staff and interns.

We can develop the internships in various ways depending on the time commitment the student can give. We do have six month internships that for the first three months they volunteer and then they next six months they receive a small stipend.

Internships are very hands on ministry working with the Teen Challenge students in the evenings and on the weekends.

Some other ministry areas students can serve in:

Office Work (could be a female)

Maintenance & Animal Care

Chapel

Family Weekend

If you have any students who may be interested feel free to pass my contact information on to them. Please feel free to contact me if you have any additional questions. Thanks!

Very Respectfully,

Sarah Parris
